

Members' Albums : Regular, Signature and Teachers

To all our members :

We have 3 albums which we display for the public to view during the 10 days of the Ogilvy exhibition. There is one each for the regular members, signature members and the teaching members. We can never emphasize it enough, certain visitors spend a lot of time studying these albums, besides which they are a great source of information for answering questions asked by the public for the members "on duty" at the show. For example to answer the frequently asked question, which members teach pastel.

In 2011, a decision was taken by the committee and it was announced that prior to each Ogilvy show we would remove from the albums any pages dating back to more than 5 years.

You need not wait to update or send in your information, you can do any time and it is simple!
